

1 THE COURT: The next case is United States v.
2 Fredda Branyon, Criminal No. 11-535.

3 MR. LOUIS: Sam Louis for the United States, Your
4 Honor. Good morning.

10:57 5 THE COURT: Good morning.

6 MS. WHALIN: Good morning, Your Honor. Christine
7 Whalin on behalf of Miss Branyon.

8 THE COURT: Good morning.

9 All right. It's my understanding that
10:57 10 Miss Branyon wishes to enter a plea of "guilty" to a
11 criminal information. Is that correct?

12 MR. LOUIS: That's correct, Your Honor.

13 MS. WHALIN: That's correct, Your Honor.

14 THE COURT: Miss Tippen, would you swear her in,
10:57 15 please.

16 (Defendant sworn)

17 THE COURT: Ms. Branyon, I believe you understand
18 you are now under oath and that if you answer any of my
19 questions falsely your answers may later be used against you
10:58 20 in another prosecution for perjury or making a false
21 statement.

22 THE DEFENDANT: Yes, ma'am.

23 THE COURT: What is your full name, please?

24 THE DEFENDANT: Fredda Lynne Brandon.

10:58 25 THE COURT: And how do you pronounce your last

1 name, again?

2 THE DEFENDANT: "Branyon".

3 THE COURT: "Branyon"?

4 THE DEFENDANT: Yes, ma'am.

10:58 5 THE COURT: The "D" is silent?

6 THE DEFENDANT: "B" like "boy".

7 THE COURT: No. I mean, there is a "D" in the
8 middle of your name.

9 MR. LOUIS: That's a typo on the docket sheet.

10:58 10 THE COURT: That's a typo on the docket sheet.

11 MR. LOUIS: Yes.

12 THE COURT: So, it's "Branyon".

13 MR. LOUIS: Yes. On the criminal information it's
14 correct.

10:58 15 THE COURT: How old are you, please?

16 THE DEFENDANT: 57.

17 THE COURT: And what is your educational
18 background?

19 THE DEFENDANT: High school, college and then
10:58 20 graduate school.

21 THE COURT: Okay. And what is your graduate degree
22 in?

23 THE DEFENDANT: Naturopathic medicine.

24 THE COURT: And where did you go to school?

10:58 25 THE DEFENDANT: Southwest School of Naturopathic

1 Medicine in Tempe, Arizona.

2 THE COURT: Have you been treated recently for any
3 mental illness or addiction to narcotic drugs of any kind?

4 THE DEFENDANT: No, ma'am.

10:59 5 THE COURT: Are you currently under the influence
6 of any drugs or medication or alcoholic beverage of any
7 kind?

8 THE DEFENDANT: No, ma'am.

9 THE COURT: Now, you have previously -- I guess
10:59 10 this morning, just a little bit ago -- you waived your right
11 to be indicted, is that correct --

12 THE DEFENDANT: Yes, ma'am.

13 THE COURT: -- before the magistrate judge?

14 THE DEFENDANT: Yes, ma'am.

10:59 15 THE COURT: And you understand that you do have the
16 right to be indicted by a grand jury. Is that correct?

17 THE DEFENDANT: Yes, ma'am.

18 THE COURT: But you're waiving that right --

19 THE DEFENDANT: Yes, ma'am.

10:59 20 THE COURT: -- in order to proceed and plead
21 "guilty" to a criminal information. You understand that?

22 THE DEFENDANT: Yes, ma'am.

23 THE COURT: Okay. Have you had a chance to read
24 over the criminal information?

10:59 25 THE DEFENDANT: Yes, ma'am.

1 THE COURT: And have you discussed it with your
2 attorney, Ms. Whalin?

3 THE DEFENDANT: Yes, ma'am.

4 THE COURT: Do you feel you understand what it is
10:59 5 you have been accused of?

6 THE DEFENDANT: Yes, ma'am.

7 THE COURT: Are you fully satisfied with the
8 counsel, representation and advice given to you in this case
9 by Ms. Whalin, your attorney?

11:00 10 THE DEFENDANT: Yes, ma'am.

11 THE COURT: I understand there's a plea agreement.
12 Is that correct?

13 MS. WHALIN: Yes, ma'am.

14 THE COURT: Mr. Louis, tell us what the terms of
11:00 15 the plea agreement are, please.

16 MR. LOUIS: Yes, Your Honor. The Defendant is
17 pleading "guilty" to Count 12 of the criminal information,
18 and this agreement is pursuant to Federal Rule of Criminal
19 Procedure 11(c)(1)(A), and at the conclusion of the
11:00 20 sentencing the government will file a motion to dismiss the
21 remaining counts of the indictment. Miss Branyon is waiving
22 her right to collaterally attack the sentence or appeal her
23 sentence, except she may appeal a sentence above the
24 statutory maximum or an upward departure that has not been
11:00 25 requested by the United States.

1 THE COURT: Miss Branyon, does that sound like a
2 fair and accurate summary of the written plea agreement that
3 you propose to enter into this morning?

4 THE DEFENDANT: Yes, ma'am.

11:00 5 THE COURT: Have you had a chance to read over the
6 plea agreement?

7 THE DEFENDANT: Yes, ma'am.

8 MR. LOUIS: And have you discussed it with
9 Ms. Whalin, your attorney?

11:01 10 THE DEFENDANT: Yes, ma'am.

11 THE COURT: Do you feel you understand what it is
12 you're agreeing to do under the plea agreement?

13 THE DEFENDANT: Yes, ma'am.

14 THE COURT: And do you feel you understand what it
11:01 15 is the government is agreeing to do under the plea
16 agreement?

17 THE DEFENDANT: Yes, ma'am.

18 THE COURT: Do you have any questions you would
19 like to ask about it at this time?

11:01 20 THE DEFENDANT: No, ma'am.

21 THE COURT: Okay. Has anybody made any other or
22 different promises or assurances to you that prompted you to
23 enter a plea of "guilty" that didn't get written down in
24 your written plea agreement?

11:01 25 THE DEFENDANT: No, ma'am, just these.

1 THE COURT: Just the ones in the written plea
2 agreement?

3 THE DEFENDANT: Yes.

4 THE COURT: Okay. Do you understand that the terms
11:01 5 of the written plea agreement will be binding upon you and
6 upon the government, but they're not binding upon me?

7 THE DEFENDANT: Yes, ma'am.

8 THE COURT: So, it could be that at the time of
9 sentencing the government makes motions and recommendations
11:01 10 to me, but I'm not required to follow those recommendations
11 or grant those motions. Do you understand that?

12 THE DEFENDANT: Yes, ma'am.

13 THE COURT: And, if I don't, you could get a more
14 severe sentence than you would otherwise receive. Do you
11:01 15 understand?

16 THE DEFENDANT: Yes, ma'am.

17 THE COURT: And, if that should happen, do you
18 understand you will not be given an opportunity to withdraw
19 your plea of "guilty"?

11:02 20 THE DEFENDANT: Yes, ma'am.

21 THE COURT: Has anyone in any way attempted to
22 force you to plead "guilty" in this case?

23 THE DEFENDANT: No, ma'am.

24 THE COURT: Are you pleading "guilty" because you
11:02 25 are guilty?

1 THE DEFENDANT: Yes, ma'am.

2 THE COURT: Do you understand that the offense to
3 which you are pleading "guilty" is a felony offense?

4 THE DEFENDANT: Yes, ma'am. Now I do.

11:02 5 THE COURT: And that if your plea is accepted you
6 will be adjudged guilty of that offense?

7 THE DEFENDANT: Yes, ma'am.

8 THE COURT: And such adjudication may deprive you
9 of valuable civil rights, such as the right to vote, the
11:02 10 right to hold public office, the right to serve on a jury
11 and the right to possess firearms?

12 THE DEFENDANT: Yes, ma'am.

13 THE COURT: Are you a U.S. citizen?

14 THE DEFENDANT: Yes, ma'am.

11:02 15 THE COURT: I want to go over with you now the
16 maximum possible penalties you're facing as a result of your
17 plea of "guilty" this morning.

18 You are pleading "guilty" to Count 12 of a
19 criminal information which charges you with "introduction of
11:02 20 unapproved new drug into interstate commerce", which is a
21 violation of 21, United States Code, Section 331(d). The
22 penalty for that crime is imprisonment not to exceed three
23 years and/or a fine not to exceed \$10,000. Along with that
24 there would be supervised release.

11:03 25 Is that correct, Mr. Louis?

1 MR. LOUIS: That's correct, Your Honor.

2 THE COURT: And along with that supervised release
3 there will be certain conditions of supervised release that
4 you will be obliged to follow. If you fail to follow those
11:03 5 you could be put back into prison for some additional period
6 of time without any credit for the time you have been on
7 supervised release, without any credit for the time you have
8 been in prison, and there would be a one-hundred-dollar
9 special assessment for the one count you're pleading
11:03 10 "guilty" to. Do you understand --

11 THE DEFENDANT: Yes, ma'am.

12 THE COURT: -- that all of those taken together --

13 THE DEFENDANT: Yes, ma'am.

14 THE COURT: -- the prison time, the fine, the
11:03 15 supervised release, the conditions of supervised release and
16 the special assessment -- those are the maximum possible
17 penalties you're facing as a result of your plea of "guilty"
18 this morning?

19 THE DEFENDANT: Yes, ma'am.

11:04 20 THE COURT: Under the Sentencing Reform Act of 1984
21 the United States Sentencing Commission has issued
22 guidelines for judges to follow to determine what the
23 sentence will be in a criminal case. Have you and
24 Ms. Whalin talked about how the guidelines may apply in your
11:04 25 case?

1 THE DEFENDANT: Yes, ma'am.

2 THE COURT: Do you understand that today I will not
3 be able to tell you what your guideline sentence is?

4 THE DEFENDANT: Yes, ma'am.

11:04 5 THE COURT: And that, because even though the
6 guidelines are no longer mandatory but are advisory, I am
7 still required to consider the guidelines when I determine
8 what the sentence will be in a criminal case. Do you
9 understand that?

11:04 10 THE DEFENDANT: Yes, ma'am.

11 THE COURT: And in order for me to consider the
12 guidelines I must ask a probation officer to do an
13 investigation on your case and to write a presentence report
14 that will assist me in sentencing. Do you understand that?

11:04 15 THE DEFENDANT: Yes, ma'am.

16 THE COURT: Once that report has been completed you
17 and Ms. Whalin will get a copy, Mr. Louis, the government's
18 attorney will get a copy, and each of you will be given an
19 opportunity to make any objections you may have to the
11:05 20 presentence report. Do you understand that?

21 THE DEFENDANT: Yes, ma'am. Thank you.

22 THE COURT: And then we will have a sentencing
23 hearing, and at that hearing I will rule on any objections
24 that may be made to the presentence report. I will also
11:05 25 rule on any motions that may be made, recommendations that

1 may be made or any other matters that might be brought to my
2 attention that might have an impact on the sentence you
3 receive. Do you understand that?

4 THE DEFENDANT: Yes, ma'am.

11:05 5 THE COURT: And then at the conclusion of that
6 sentencing hearing I will pronounce sentence, you
7 understand.

8 THE DEFENDANT: Yes, ma'am. Thank you.

9 THE COURT: And at that time, when I give you your
11:05 10 sentence, it could be that your sentence is more severe than
11 the one that you and Ms. Whalin may have estimated you might
12 get when you were talking about how the guidelines might
13 apply in your case. Do you understand that?

14 THE DEFENDANT: Yes, ma'am.

11:05 15 THE COURT: If that should occur, if your sentence
16 is more severe than the one that you're expecting, do you
17 understand you will not be given the opportunity to withdraw
18 your plea of "guilty"?

19 THE DEFENDANT: Yes, ma'am.

11:05 20 THE COURT: Do you also understand that after your
21 guideline range has been determined the Court would have the
22 authority to depart from the guidelines and to impose a
23 sentence that is either more severe or less severe than the
24 sentence called for by the guidelines?

11:06 25 THE DEFENDANT: Yes, ma'am.

1 THE COURT: Do you also understand that in the
2 federal system parole has been abolished and that if you are
3 sentenced to prison you will not be released on parole?

4 THE DEFENDANT: Yes, ma'am.

11:06 5 THE COURT: And do you further understand that
6 under some circumstances you or the government would have
7 the right to appeal any sentence that I impose?

8 THE DEFENDANT: Yes, ma'am.

9 THE COURT: But do you understand that by entering
11:06 10 into this written plea agreement you will be waiving or
11 giving up virtually any right you have to appeal any
12 sentence that I impose?

13 THE DEFENDANT: Yes, ma'am.

14 THE COURT: And that would include not just a
11:06 15 direct appeal of your conviction and your sentence but,
16 also, a collateral attack, such as a habeas corpus
17 application. Do you understand that?

18 THE DEFENDANT: Yes, ma'am.

19 THE COURT: Do you also understand the government
11:07 20 is not waiving its rights to appeal any sentence I impose?

21 THE DEFENDANT: Yes, ma'am.

22 THE COURT: Do you understand you have a right to
23 plead "not guilty" to any offense charged against you?

24 THE DEFENDANT: Yes, ma'am.

11:07 25 THE COURT: And do you further understand that by

1 persisting in a plea of "not guilty" you would have a right
2 to a trial by jury or by judge?

3 THE DEFENDANT: Yes, ma'am.

4 THE COURT: And at that trial you would have the
11:07 5 right to the assistance of counsel in your defense, you
6 would have the right to see and hear all the witnesses and
7 have them cross-examined in your defense, you would have the
8 right on your own part to decline to testify unless you
9 voluntarily elected to do so in your own defense, and you
11:07 10 would have the right to the issuance of subpoenas,
11 compulsory process, to compel the attendance of witnesses to
12 testify in your defense?

13 THE DEFENDANT: Yes, ma'am.

14 THE COURT: All right. Do you further understand
11:07 15 that at the trial the jury would be told that they must
16 presume that you were innocent of any crime charged against
17 you until such time, if ever, the government brought to them
18 evidence that convinced them beyond a reasonable doubt that
19 you were guilty?

11:08 20 THE DEFENDANT: Yes, ma'am.

21 THE COURT: And do you further understand that at
22 the trial the jury would be told that you had a right not to
23 testify or put on any evidence and they would be told that,
24 if you decided not to testify or put on any evidence, they
11:08 25 could not hold that against you as some indication or

1 evidence that you were guilty?

2 THE DEFENDANT: Yes, ma'am.

3 THE COURT: And do you further understand that at
4 the trial the jury would be told that they could not expect
11:08 5 you to testify, they could not expect you to put on any
6 evidence, they could not expect you to explain yourself or
7 to prove your own innocence?

8 THE DEFENDANT: Yes, ma'am.

9 THE COURT: Do you further understand that by
11:08 10 entering a plea of "guilty", if that plea is accepted by the
11 Court, that there will be no trial? You will have waived or
12 given up your right to a trial as well as all the other
13 rights that I have outlined for you that go along with a
14 trial by jury or judge? Do you understand that?

11:08 15 THE DEFENDANT: Yes, ma'am.

16 THE COURT: Do you waive reading of the indictment?

17 MS. WHALIN: Yes, Judge.

18 THE COURT: I'm sorry. The criminal information.
19 Excuse me.

11:09 20 All right. I want to go over with you now,
21 Ms. Branyon, the essential elements of Count 12, which is
22 the count you're pleading guilty to, because I want to be
23 sure you understand what it is you're pleading "guilty" to.

24 THE DEFENDANT: Yes, ma'am.

11:09 25 THE COURT: Now, by "essential elements" I mean

1 what it is the government would have to prove to a jury
2 beyond a reasonable doubt before that jury could find you
3 guilty. Okay?

4 The essential elements of "introduction of
11:09 5 unapproved new drug into interstate commerce" are as
6 follows: First, that the Defendant -- you, Ms. Branyon --
7 introduced and caused the introduction into interstate
8 commerce of a drug; second, the drug was an unapproved new
9 drug; and, third, that you did so with the intent to defraud
11:09 10 and mislead.

11 Do you understand those are the essential
12 elements of the crime you're pleading "guilty" to this
13 morning?

14 THE DEFENDANT: Yes, ma'am.

11:10 15 THE COURT: Mr. Louis, would you tell me what it is
16 the government is prepared to prove if we went to trial in
17 this case.

18 MR. LOUIS: Yes, Your Honor. The essential
19 elements -- or the essential facts of this case are that
11:10 20 beginning in or about April of 2009 the Defendant was an
21 owner of a company called Global Laboratories, LLC, which
22 was located at 28150 North Alma School Parkway, Suite 103,
23 in Scottsdale, Arizona. Global Laboratories was an entity
24 that mainly focused on the manufacture, sale and
11:10 25 distribution of stem cells. Global Laboratories, however,

1 was not a facility that was approved by the FDA to
2 manufacture, market or distribute biological or drug
3 products. Stem cells under the Food, Drug and Cosmetic Act
4 are both biological and drug products. That's also a
11:10 5 biological product under the Public Health Services Act.

6 In December of 2008 the Defendant acquired a
7 company called Caledonia Consulting. This company,
8 Caledonia, also focused on the manufacture, sale and
9 distribution of stem cells. After acquiring Caledonia the
11:11 10 Defendant changed the name of that company to "Global
11 Laboratories".

12 During the same time period the Defendant was
13 the owner of a medical center facility called "New Hope".
14 It was located at 8390 East Via de Ventura, Suite F-204, in
11:11 15 Scottsdale, Arizona. The Defendant was often referred to as
16 "Dr. Branyon" and utilized that designation. She received a
17 degree in naturopathic medicine from the Southwest College
18 of Naturopathic Medicine and Health Sciences which is
19 located in Arizona. However, that degree did not bestow
11:11 20 upon her the ability to perform medical procedures.

21 New Hope focused on the treatment of
22 autoimmune diseases such as cancer and chronic diseases for
23 which the treatment of stem cells occurs. The Defendant
24 later changed the name of New Hope to "Branyon Integrated
11:12 25 Medicine". In addition, the Defendant operated several web

1 sites that were associated with the medical facility that
2 focused and discussed stem cells to treat these autoimmune
3 and chronic diseases, including amyotrophic lateral
4 sclerosis, also known as "ALS", and multiple sclerosis,
11:12 5 known as "MS."

6 Sometime in April of 2009 the Defendant was
7 contacted by an individual identified as "FM" regarding the
8 purchase of stem cells from Global Laboratories. "FM"
9 indicated that he was a physician with Rio Valley Medical
11:12 10 Clinic located in Brownsville, Texas, and also the director
11 of stem cell research with the Instituto Politecnico
12 Nacional School of Medicine in Mexico City, Mexico. "FM"
13 had previously purchased stem cells from prior owners of
14 Caledonia Consulting, Inc.

11:13 15 After brief negotiations with "FM" on April 6
16 of 2009 the Defendant sold 16 vials containing stem cells
17 derived from cord blood to "FM". The vials were sent by --
18 it says "UPS" -- I think it should be "USPS", United States
19 Postal Service -- from Global Laboratories, LLC, to "FM" in
11:13 20 Brownsville, Texas.

21 MS. WHALIN: That is "UPS".

22 MR. LOUIS: That is "UPS"? Okay.

23 "FM", in turn, used these stem cells in
24 connection with medical procedures he performed on patients
11:13 25 suffering from ALS and MS.

1 At the time of this transaction the Defendant
2 and "FM" were aware that the United States Food and Drug
3 Administration had not approved the use of stem cells in
4 connection with the treatment of patients suffering from
11:14 5 incurable autoimmune diseases such as ALS and MS. The FDA
6 had approved the use of stem cells for research purposes
7 only and under strict guidelines which require FDA approval.
8 The stem cells were described as eight mesenchymal vials and
9 eight progenitor vials.

11:14 10 In connection with the sell of the stem cells
11 the Defendant provided "FM" with a form indicating that the
12 sell of the stem cells was for research purpose only.
13 However, the Defendant knew that "FM" would be using the
14 stem cells to treat patients in Mexico.

11:14 15 Subsequent to the initial sale of stem cells
16 to "FM" the Defendant sold approximately 183 vials
17 containing stem cells to "FM" on 27 separate occasions
18 during the period of April 6, 2009, through February 1st,
19 2010. The stem cells were derived from umbilical cord
11:15 20 blood.

21 Investigation into the activities of "FM"
22 indicated that "FM" was not licensed to practice medicine in
23 any state or territory of the United States and did not work
24 at a medical facility in Brownsville, Texas, or anywhere
11:15 25 else in the United States. The Defendant received

1 approximately 300,000 for the sale of the stem cells.

2 In order to maintain and replenish stem cells
3 Global Laboratories -- in order to maintain and replenish
4 Global Laboratories' inventory of stem cells, the Defendant
11:15 5 began purchasing umbilical cord tissue from a birthing
6 facility operated by "AR" in Del Rio, Texas. "AR" was a
7 licensed midwife who delivered babies at the clinic and
8 obtained umbilical cord tissue and cord blood from new
9 mothers after the birth of the child. AR would inquire if
11:16 10 new mothers would be willing to donate their umbilical cord
11 and cord blood tissue for research. "AR" would have new
12 mothers then execute a form indicating the tissue would be
13 donated for research. This form was provided to "AR" by the
14 Defendant. The umbilical cord tissue, however, was then
11:16 15 provided to the Defendant by "AR" for the purpose of
16 creating stem cells.

17 The Defendant began purchasing the cord blood
18 tissue from "AR" on August 18th of 2009, which continued
19 through January of 2010. This cord blood or cord blood
11:16 20 tissue was sent from Del Rio, Texas, to the Defendant, and
21 the Defendant would pay "AR" for the stem cell -- for the
22 cord blood tissue.

23 The Defendant had no formal training regarding
24 the creation of stem cells and hired "VD", a medical school
11:17 25 professor in Columbia, South Carolina, as a consultant.

1 "VD" was a research professor who would travel to
2 Scottsdale, Arizona, on occasions to review efforts of
3 others associated with Global Laboratories in the creation
4 of stem cells from umbilical cord tissue. "VD" would
11:17 5 examine and review stem cells created from cord blood while
6 conducting research at the medical school. The Defendant on
7 more than one occasion would also send cord blood to "VD" in
8 South Carolina to examine and determine the viability of
9 stem cells. "VD" did create viable stem cells which were
11:17 10 then provided to the Defendant. These stem cells were
11 created with the intention of being utilized in the
12 treatment of individuals suffering from diseases such as ALS
13 and MS. These stem cells were not created in any
14 FDA-approved laboratory or under FDA guidelines.

11:18 15 THE COURT: Miss Branyon, can you tell me in your
16 own words what it is you did to commit the crime you're
17 pleading "guilty" to this morning?

18 THE DEFENDANT: Yes, ma'am. I bought a lab that
19 was using stem cells for about six years and I bought the
11:18 20 lab and they -- I believed them. And after I bought the
21 lab, when they wouldn't give me the SOPs that I thought I
22 was supposed to get, I kind of wondered --

23 THE COURT: What are "SOPs"?

24 THE DEFENDANT: Standard operating procedures
11:18 25 books. Lots of them.

1 THE COURT: All right.

2 THE DEFENDANT: And when I realized that something
3 wasn't right there -- They always told me that it was not
4 FDA-approved. I knew that. But they always said that it
11:18 5 was a gray area and that, as long as you did it correctly
6 and I did everything the way they told me to do -- the
7 material transfer agreement, everything....

8 But when I started trying to get the lab
9 FDA-approved in Scottsdale, after I bought the lab, I had
11:19 10 brought in fire department men to -- because you have to
11 start with the building, and the building didn't go with the
12 code. So, we were trying to move and I was trying to get
13 everything correct. I even asked a lab -- he investigates
14 labs, and I even asked him what to do. Evidently, he didn't
11:19 15 realize, because he told me as long as we were just doing
16 everything and -- I thought that was okay.

17 But then, right when we found out we had to
18 move -- We found a building and we moved everything over,
19 all the equipment over, and then I realized that we -- I was
11:20 20 learning in all of this process because I was so ignorant
21 I -- I listened to too many people that gave me the wrong --
22 I'm guilty. I'm guilty.

23 And, so, once I realized it was going to be a
24 lot more steps, then all of this happened with Mr. --
11:20 25 Dr. Morales, but we had already stopped everything because

1 we didn't have the ability to do anything. But let me back
2 up.

3 I did get cord blood from Dr. Ramon, and it is
4 customary in the United States to give donations to the
11:20 5 doctors for their work. So, I didn't think I was buying it,
6 but I guess it's the same thing.

7 So, when we -- I never created -- I'm not -- I
8 don't -- I'm not that smart. I am a business owner, and I
9 thought I was helping the world by getting this started.
11:21 10 But I never created them, but the people who owned the lab
11 before me -- There were, from what I understand, two people,
12 a female from Harvard and a man from Charleston, South
13 Carolina, or Columbia, the medical university there, and
14 they brought him out to kind of show us what to do, but we
11:21 15 couldn't do it without -- You can't come in and show
16 somebody to do something and go away. It's not possible.

17 So, I was trying to recoup my money because I
18 knew I had been scammed with -- I am getting off....

19 So, anyway, when I got the cord blood from
11:21 20 Dr. Ramon I would pull blood and send it to the lab to make
21 sure there was no HIV or anything so that I could send it on
22 to Vincent, because I felt that I should at least, before I
23 give anything, make sure there's no disease or anything for
24 anybody to handle. So, when he got it, he would either tell
11:22 25 me, 'Oh, it's bad blood' or 'Yeah, we can do it,' or

1 something.

2 But, in the meantime, he and I agreed that we
3 would do a new corporation, Biostem Genetics Corporation,
4 and that we would -- So, we went to an attorney to get all
11:22 5 of the paperwork done and everything, but we never actually
6 started it, thank goodness. So, what blood that he said we
7 could, he would send -- he would make the stem cells and
8 send back to me, and I would store them in liquid nitrogen,
9 and were basically trying to get our stock ready for the new
11:22 10 company, which was going to be, hopefully, FDA-approved and
11 a real lab.

12 Does that make sense? I didn't really know I
13 was doing so wrong, but I am guilty.

14 THE COURT: Well, okay. Let me ask you this.

11:23 15 THE DEFENDANT: Yes, ma'am. I know.

16 THE COURT: "I didn't really know what I was doing
17 was so wrong." Does that mean that you didn't know that you
18 were violating the law to some extent?

19 THE DEFENDANT: I knew that it was -- Everybody
11:23 20 always told me it was a gray area. So, whenever we -- like
21 with Dr. Morales, when I sold to him, he always told me he
22 did it in Mexico and it's legal in Mexico. So, I just
23 didn't even worry about it. And then, when everything was
24 done, it was always done in Mexico, because I did know that
11:23 25 there was a gray area, because I was always understanding

1 that there wasn't a law against it or for it. I knew that
2 the government was doing grants with embryonics and we were
3 doing umbilical. Embryonics is bad, and I knew that they
4 were doing grants and research with embryonics, but never
11:24 5 have they done any research with umbilical, and umbilical
6 has been done since 1962. There's never been a death.
7 There's never been a bad complication or anything. And I
8 didn't realize -- I just thought we were bringing something
9 wonderful to the world. I thought we were going to -- I
11:24 10 thought I was in God's will, and I am still wondering how I
11 could have done all this -- how did I miss the point.

12 THE COURT: Can you tell me why you're pleading
13 "guilty"?

14 THE DEFENDANT: Why am I pleading "guilty"?
11:24 15 Because I did sell stem cells. I did do that, I did sell
16 them, and now I find out that it's against the law.

17 THE COURT: If the case went to trial the
18 government would have to prove -- one of these elements,
19 that is -- what you did was with the intent to defraud and
11:25 20 mislead.

21 THE DEFENDANT: I didn't. I didn't attempt to
22 defraud. I just was stupid and ignorant.

23 THE COURT: Okay. But you don't have the intent to
24 commit the crime. If you don't have the intent to commit a
11:25 25 crime when you do something, even if it is a crime, you

1 aren't guilty. The government has to prove intent.

2 THE DEFENDANT: I have to rely on these people
3 because I don't --

4 THE COURT: Okay. Well, you have to rely on me,
11:25 5 too, and I can't accept your plea of "guilty" if you didn't
6 intend to do it. You didn't intend to commit a crime if you
7 didn't know it was a crime.

8 THE DEFENDANT: I didn't want to spend 20 years in
9 jail, though.

11:25 10 THE COURT: Well, I understand, but I can't accept
11 the plea if the person does not believe that they're guilty
12 of committing a crime.

13 THE DEFENDANT: I am guilty. I am guilty.

14 THE COURT: No, you're not. You're not telling me
11:26 15 what I need to hear to make you guilty. You're not guilty.
16 You said you didn't know it was a crime, you thought it was
17 a gray area and you thought it was legal in Mexico, so it
18 was okay -- You're telling me all these things.

19 THE DEFENDANT: I am trying not to get myself into
11:26 20 more trouble. I am guilty.

21 THE COURT: Well, I can't accept your plea.

22 MR. LOUIS: Can I ask a question?

23 THE COURT: Sure.

24 THE DEFENDANT: Please.

11:26 25 MR. LOUIS: Miss Branyon, in the plea agreement

1 which I have allocuted to the Court you provided "FM" --
2 that's identified as "FM" in the plea agreement -- with a
3 form indicating that you were selling these stem cells to
4 him for research purposes?

11:26 5 THE DEFENDANT: Yes, sir.

6 MR. LOUIS: And indicate to the Court did you
7 provide him with a form indicating, when you sold him the
8 stem cells, that the stem cells were being used for research
9 purposes?

11:26 10 THE DEFENDANT: Yes, sir. That was the MPA.

11 MR. LOUIS: And you knew that he was performing
12 research; you knew that he was actually going to use these
13 stem cells to treat patients?

14 THE DEFENDANT: I knew that he was both.

11:27 15 MR. LOUIS: So, when you sent the stem cells,
16 although you provided him with this form that said "For
17 research purpose only" you knew he was not going to be using
18 the stem cells for research purposes.

19 THE DEFENDANT: I didn't know every -- I knew that
11:27 20 he did research, but he didn't -- He would call the office
21 and he didn't tell me, 'Yes, I am using these for research
22 or' -- Should I say this?

23 THE COURT: Tell the truth.

24 THE DEFENDANT: I am telling the truth.

11:27 25 MS. WHALIN: Judge, if I can maybe clarify a

1 question, that may help.

2 MR. LOUIS: Yes. Please do.

3 MS. WHALIN: In the form that you gave to "FM" to
4 provide to the mothers of the babies who were being birthed,
11:27 5 it said "For research purposes only". Correct?

6 THE DEFENDANT: Yes, ma'am.

7 MS. WHALIN: When you sent the cells to the
8 gentleman who you sent them to in Brownsville, Texas, you
9 knew that they were being utilized for some research but not
11:28 10 only for research. Correct?

11 THE DEFENDANT: Yes, ma'am.

12 MS. WHALIN: Okay. Because you also knew that he
13 was using them to actually treat patients in Mexico.
14 Correct?

11:28 15 THE DEFENDANT: Yes. Yes.

16 MS. WHALIN: Does that clarify, Judge?

17 THE COURT: But she felt that was a gray area.

18 THE DEFENDANT: I'm sorry.

19 THE COURT: She thought because they were being
11:28 20 used in Mexico, where it was legal, it was a gray area and,
21 so, therefore, she wasn't -- I mean, there are two parts to
22 it. The first part is you tell the people who are providing
23 the cord blood that this is going to be used for research
24 only, but then, when you get the final product, it's not
11:28 25 being used for research only.

1 THE DEFENDANT: I'm sorry. Would you repeat that,
2 please?

3 THE COURT: Sure. As I hear what your attorney is
4 saying and what you are saying -- sort of saying, you went
11:29 5 to a provider, a person who was a midwife, and the midwife
6 was purchasing the -- not purchasing -- the mothers were
7 just donating their umbilical cords to this woman, and you
8 provided a document to this midwife saying 'I am accepting
9 these umbilical cords to be used for research only.' Is
11:29 10 that right?

11 THE DEFENDANT: Yes, ma'am.

12 THE COURT: And you knew that that wasn't true,
13 because, in addition to possible research, they were also
14 going to be used to provide the doctor in Brownsville with
11:30 15 medication for his patients in Mexico. Is that right?

16 THE DEFENDANT: Yes, ma'am.

17 THE COURT: So, you knew that form was not true; it
18 wasn't wholly being used for research.

19 THE DEFENDANT: Yes, ma'am.

11:30 20 THE COURT: Is that right?

21 THE DEFENDANT: Yes, ma'am.

22 MS. WHALIN: And I think I can get just one more
23 clarification if the Court does need it.

24 The form that was provided to these mothers
11:30 25 that specifically said this was for a donation -- it was not

1 disclosed to the mothers that Miss Branyon was paying the
2 midwife \$75 per donation?

3 THE DEFENDANT: That's true.

4 MS. WHALIN: And that was not also disclosed to the
11:30 5 women who were providing, essentially, this cord blood
6 donation.

7 THE COURT: And did you know that? Did you know
8 that they were donating them thinking that -- or they were
9 told that their donation would be used for research and,
11:31 10 actually, what happened was the midwife did not -- didn't
11 just pass it on to a researcher; she passed it on to you for
12 \$75 a cord.

13 THE DEFENDANT: Yes, ma'am.

14 THE COURT: Is that right? You knew that?

11:31 15 THE DEFENDANT: The donation went to the doctor for
16 the work that he did, yes, ma'am.

17 THE COURT: But I am hearing from counsel
18 clarification --

19 THE DEFENDANT: She's correct.

11:31 20 THE COURT: Wait. Wait. She said that you gave
21 the midwife \$75.

22 THE DEFENDANT: Oh, no, not the midwife.

23 THE COURT: The midwife sent it to you free. She
24 didn't get any money. You sent it to the doctor --

11:31 25 THE DEFENDANT: Yes, ma'am.

1 MS. WHALIN: That was a misstatement on my part,
2 the midwife versus doctor. I apologize.

3 MR. LOUIS: Although Miss Branyon refers to this
4 midwife, it's the same person, a doctor -- She actually paid
11:31 5 the owner of the clinic, who was a midwife, who utilized the
6 term "doctor". He was not actually a doctor. And he
7 received the \$75.

8 THE COURT: So, this was a male midwife who was
9 masquerading as a doctor, as an MD doctor?

11:32 10 MR. LOUIS: Yes.

11 THE DEFENDANT: (Indicates negatively)

12 THE COURT: No? She's saying "No".

13 THE DEFENDANT: He is a licensed physician in
14 Mexico, but he comes across and does --

11:32 15 MR. LOUIS: No. We're talking about the owner of
16 the birthing facility. Let's make sure we're clear.

17 The owner of the birthing facility in Del Rio,
18 Texas -- did you pay the owner of the birthing facility \$75
19 per cord?

11:32 20 THE DEFENDANT: Yes, sir.

21 MR. LOUIS: And this is the person that you
22 provided this form to so he could provide the form to the
23 mothers to indicate to them that they were donating their
24 cords for research?

11:32 25 THE DEFENDANT: Yes, sir.

1 MR. LOUIS: And the form did not indicate that you
2 were -- that the midwife, who you refer to as a "doctor",
3 was going to be providing the stem cells to you for -- I'm
4 sorry -- providing the cords to you for \$75?

11:33 5 THE DEFENDANT: Correct.

6 MR. LOUIS: And so, therefore, when the mothers
7 received this form it did not indicate that you would be
8 purchasing the cord blood which you would then, in turn, use
9 to create stem cells and sell to Francisco Morales?

11:33 10 THE DEFENDANT: Correct. I'm sorry.

11 THE COURT: Just to make sure I understand. There
12 are two men --

13 MR. LOUIS: Yes.

14 THE COURT: -- involved in this. One of them is
11:33 15 the owner of the birthing facility --

16 MR. LOUIS: Yes.

17 THE COURT: -- who is a doctor in Mexico but not a
18 doctor in the United States?

19 MR. LOUIS: No, Your Honor.

11:33 20 THE COURT: Or he said he was a doctor in Mexico.
21 I mean, that's what I am hearing her say. But he's really
22 not a doctor.

23 MR. LOUIS: He's not a doctor.

24 THE COURT: He's just a businessman who has a
11:33 25 birthing facility.

1 MR. LOUIS: He is a licensed midwife --

2 THE COURT: He is a licensed midwife --

3 MR. LOUIS: -- in Del Rio, Texas.

4 THE COURT: -- in Del Rio, Texas.

11:33 5 MR. LOUIS: Now, that's one person.

6 THE COURT: Okay. And then we have the second

7 doctor, is the doctor in North Carolina -- no --

8 MR. LOUIS: Yes.

9 THE COURT: -- the doctor in North Carolina. And

11:34 10 then there is a third doctor who actually used it for

11 treating patients in Mexico?

12 MR. LOUIS: Yes.

13 THE COURT: A third individual, male individual,

14 we're talking about?

11:34 15 MR. LOUIS: Yes, Your Honor. I think she's

16 clarified for me. To make sure the record is correct, I

17 said Columbia. It's actually Charleston --

18 THE DEFENDANT: Charleston, South Carolina.

19 THE COURT: South Carolina.

11:34 20 THE DEFENDANT: I'm sorry for the confusion.

21 THE COURT: I have just got to get it straight.

22 Okay. So, you knew that that was wrong, to do

23 that? You knew it was wrong to give a form to the mother

24 saying 'Your umbilical cord is going to be used for research

11:34 25 only'?

1 THE DEFENDANT: I did not know that was wrong. I
2 thought it was correct, because the lab that I had bought
3 from, that's what they -- they gave me the -- that's what
4 they said to do.

11:35 5 I have to tell the truth.

6 THE COURT: Well, I want you to tell me the truth.

7 If she didn't know it was fraud to do that, I
8 mean, how can I accept her plea of "guilty" to that crime?

9 THE DEFENDANT: Oh, please. I need my plea of
11:35 10 "guilty". I just have to tell the truth.

11 MS. WHALIN: Yes. That's correct.

12 THE COURT: Of course you do.

13 How about a nolo? Would the government be
14 okay with a nolo?

11:35 15 MR. LOUIS: No.

16 THE COURT: No nolo?

17 MR. LOUIS: No, Your Honor. I guess there is no
18 way to proceed forward.

19 THE COURT: I can't take your plea if you didn't
11:35 20 have the intent to commit a crime. I can't do it.

21 MR. LOUIS: Just so the Court knows, we have gone
22 over this, and it was the government's understanding that
23 the Defendant was acknowledging and admitting that she knew
24 that the stem cells that she was providing to Dr. Morales
11:36 25 was not FDA -- had not been created in an FDA-approved

1 facility --

2 THE DEFENDANT: That is true.

3 MR. LOUIS: -- had not been -- had not been -- the
4 facility was not FDA-approved --

11:36 5 THE DEFENDANT: That's true.

6 MR. LOUIS: -- and that she knew that she could not
7 sell these stem cells to Morales for anything other than
8 research purposes. And since the stem cells were, in fact,
9 sent in interstate commerce, those are the elements of the
10 crime. And that's what the government understood that the
11 Defendant was pleading "guilty" to; that she knowingly did
12 those things, that she knew that the cord that she was
13 purchasing from the owner of the birthing facility would be
14 used to create stem cells for the purpose of selling them to
11:37 15 someone who would use them in the treatment of patients,
16 which, again, was a violation of Title 21, United States
17 Code, Section 331(d). And it was the government's
18 understanding that the Defendant did those things with the
19 intent to defraud knowing that when she was purchasing those
11:37 20 stem cells that the information provided to the mothers was
21 that it was only going to be for research purposes.

22 So, that's the facts that the government is
23 relying on. If the Defendant believes that those are not
24 the facts, then we're going to have to move forward.

11:37 25 MS. WHALIN: And I don't --

1 THE COURT: I don't think she's saying she doesn't
2 think that all that happened. I think what she's saying is
3 she didn't know it was against the law to do it. She didn't
4 know it was wrong. She didn't know it was wrong. She
11:38 5 didn't know that it was wrong. She didn't have the intent
6 to commit the crime.

7 MR. LOUIS: And, as the government stands, she did
8 those acts knowing that she could not sell the stem cell
9 purposes -- I mean, sell the stem cells to the gentleman in
11:38 10 Brownsville because she knew that they could only be created
11 for research purposes.

12 THE DEFENDANT: He's correct.

13 MR. LOUIS: So, therefore, she had the intent to
14 commit the crime because she knew that those stem cells
11:38 15 could not be, number one, made outside an FDA-approved
16 facility and, number two, could not be used for anything
17 other than research purposes.

18 THE DEFENDANT: He's correct, Your Honor. I was
19 just ignorant.

11:38 20 MR. LOUIS: Well, those are two different things.

21 THE COURT: That's two different things.

22 MS. WHALIN: Those are two different things.

23 THE DEFENDANT: He's correct. I want to help. I
24 am so sorry.

11:39 25 THE COURT: No. No.

1 THE DEFENDANT: I am begging.

2 MR. LOUIS: Well, what I ask is that, since we're

3 here, if she wants to have more time to talk with her

4 counsel and then decide. But there is no pressure,

11:39 5 certainly, from the government if the Defendant believes

6 that she, in her mind, did not -- I understand the position

7 of the Court and I accept the position as well.

8 THE DEFENDANT: No. He's correct.

9 MR. LOUIS: The government doesn't want her to

11:39 10 plead to anything that she does not indicate that she

11 committed.

12 THE COURT: Right.

13 MS. WHALIN: Judge, if we could have -- I don't

14 believe that Ms. Branyon is disagreeing with anything --

11:39 15 THE DEFENDANT: No.

16 MS. WHALIN: -- that Mr. Louis is saying. I think

17 that -- and this is just from having constant contact with

18 her. I think there's just some -- If I can just have a

19 couple of minutes to speak with her.

11:39 20 THE COURT: I tell you what. Why don't we -- I

21 have a -- I know this probably is going to be impossible

22 because of airplanes and stuff. I know she's from out of

23 town. She's from Arizona. Right?

24 MR. LOUIS: That's correct. Both. And counsel.

11:40 25 THE COURT: I really don't -- I have a meeting at

1 one o'clock. Why don't we -- I don't think that meeting is
2 going to last very long. Would it be impossible for us to
3 resume this hearing at, say, 2:30?

4 MS. WHALIN: That's fine with me, Judge.

11:40 5 MR. LOUIS: No, Your Honor. That's fine.

6 THE COURT: Let's be back at 2:30 and we'll resume.

7 Before you go, Mr. Louis, has the case been
8 unsealed today by the magistrate?

9 MR. LOUIS: I filed a motion and it was -- I assume
11:40 10 it already had been signed before I came into court. I did
11 not ask Judge Johnson if it had been signed, but it had been
12 filed yesterday, and I didn't ask. But to the extent that
13 it was not, which I assume it was signed and unsealed, the
14 government certainly moves that it be unsealed.

11:41 15 THE COURT: I will unseal it if Judge Johnson
16 hasn't already done that. May I do that?

17 MR. LOUIS: She had a copy of it; so, I assume
18 that --

19 CASE MANAGER: Because there's nothing on CM/ECF at
11:41 20 all and it takes some time to get it on there. I just
21 wanted to confirm for his purposes as well.

22 MR. LOUIS: Thank you.

23 THE COURT: All right. Thank you.

24 (Recess)

14:38 25 THE COURT: All right. This is a continuation of

1 Criminal No. H-11-535, United States v. Fredda Branyon.

2 Ms. Whalin.

3 MS. WHALIN: Judge, I think that I had an
4 opportunity to speak with Ms. Branyon. She did indicate to
14:38 5 me that there was some confusion. She was very nervous when
6 she was in here. So, I think we can go forward with the
7 factual basis with respect to -- and I think the only focus
8 that, really, we need to look at is the third element of
9 whether or not she intended to either mislead or defraud
14:38 10 anybody in this criminal act, and specifically here would be
11 the women at the birthing center who were donating the cord
12 blood.

13 So, I think at this point -- I don't know if
14 counsel wants to lay the factual basis, if we want --

14:39 15 MR. LOUIS: Well, this is a continuation from the
16 previous setting. I think the Court has had the factual
17 basis. I will just summarize them again.

18 The factual basis that's laid out in the plea
19 agreement indicates that Miss Branyon had a company -- I
14:39 20 won't go over -- the name of the company was Global Labs,
21 and Miss Branyon then sold stem cells over the -- using
22 interstate commerce to a person, and I have identified him,
23 because he's not associated with this criminal information,
24 by just initials --

14:39 25 THE COURT: Right.

1 MR. LOUIS: -- which is part of our policy, but
2 identified as "FM". That individual then used the stem
3 cells to treat patients. Ms. Branyon's company was not an
4 FDA-approved facility and Ms. Branyon did not obtain FDA
14:39 5 approval to either sell the stem cells or in any way conduct
6 research to sell the stem cells.

7 In connection with the scheme, Miss Branyon
8 also purchased cord blood from an individual identified as
9 "AR" who had a birthing facility in Del Rio, Texas, and
14:40 10 Ms. Branyon paid "AR" for the cords that she intended to use
11 to create stem cells. She did, in fact, provide those cords
12 to a person that's identified as "VD", who was a professor
13 with a medical school in Charleston, South Carolina. Those
14 cords were provided to "VD" for the purpose of creating stem
14:40 15 cells, viable stem cells, which on occasion "VD" was able to
16 do and, in fact, provided those to Ms. Branyon, which, in
17 turn, were going to be sold to "FM" and others to treat
18 patients. And this was all done with the intent to defraud.

19 THE COURT: All right. Is that correct,
14:41 20 Miss Branyon?

21 THE DEFENDANT: Yes, ma'am. I didn't quite
22 understand all of the wording, but he is correct. When
23 you're nervous you're nervous.

24 THE COURT: I know. I understand. I understand.

14:41 25 Fredda Branyon, how do you plead to Count 12

1 of the criminal information? Guilty or not guilty?

2 THE DEFENDANT: Guilty.

3 THE COURT: All right. Would you then execute the
4 plea agreement.

14:41 5 (Document signed by counsel and the Defendant)

6 THE COURT: Ms. Branyon, is that your signature on
7 the plea agreement?

8 THE DEFENDANT: Yes, ma'am. Sorry for the
9 confusion.

14:42 10 THE COURT: That's okay. Don't worry about it.

11 It is the finding of the Court in the case of
12 United States v. Fredda Branyon that the Defendant is fully
13 competent and capable of entering an informed plea, that the
14 Defendant is aware of the nature of the charges and the
14:43 15 consequences of the plea and that the plea of "guilty" is a
16 knowing and voluntary plea supported by an independent basis
17 in fact containing each of the essential elements of the
18 offense. The Defendant is now adjudged guilty of that
19 offense.

14:43 20 Miss Branyon, as I told you, a presentence
21 report will be prepared to assist me in sentencing. You
22 will be asked to give information for that report, and
23 Ms. Whalin may be with you when you are interviewed by the
24 probation officer.

14:43 25 By October 7th, 2011, the initial presentence

1 report will be disclosed to counsel. By October 21st, 2011,
2 counsel shall file either objections in writing to the facts
3 of the offense and application of the sentencing guidelines
4 or a statement that there is no objection. By November the
14:43 5 4th, 2011, the probation officer shall submit to the judge
6 the final presentence report with an addendum addressing
7 contested issues.

8 Sentencing is set for November the 18th, 2011,
9 at 10:00 a.m.

14:44 10 Is there anything else?

11 MR. LOUIS: No, Your Honor, not that I can think
12 of.

13 MS. WHALIN: Can we address the passport issue?

14 MR. LOUIS: Yes. Ms. Branyon has -- or is
14:44 15 undergoing medical procedures and she has scheduled
16 procedures coming up which is outside the U.S. This was
17 brought to the attention of Magistrate Judge Nancy Johnson,
18 which she indicated that the pretrial services officer will
19 maintain her passport and that, if she needed to travel, she
14:44 20 just needs to provide information to pretrial services,
21 which will then contact me and then, if there's an issue,
22 bring it to the Court's attention.

23 MS. WHALIN: Judge, in addition to that,
24 Ms. Branyon's employment is outside of the United States.

14:45 25 THE DEFENDANT: I need to work.

1 MS. WHALIN: We are asking the Court to allow her
2 to work -- utilize her passport for work purposes under the
3 same guise that she contact pretrial services to request the
4 passport to allow her to work. It's not an everyday
14:45 5 occurrence that she's outside of the United States for work.
6 So, we would ask the Court to allow her to leave the country
7 for work purposes, specifically going to Mexico.

8 THE COURT: I will allow that. She needs to notify
9 the pretrial services officer and, you know, be specific
14:45 10 about where she's going to be and how long she's going to be
11 there and whatever other stipulations, such as calling in
12 and things like that, which I think they do sometimes when
13 people have to leave the country.

14 MS. WHALIN: Thank you, Judge.

14:46 15 THE COURT: That's fine with me.

16 MS. WHALIN: Okay. And this travel -- we would
17 also ask -- and although the travel is less frequent to
18 Panama, she does have a company there as well. Would that
19 go for the same --

14:46 20 THE COURT: Yes.

21 MS. WHALIN: Just contact pretrial services to
22 inform them?

23 THE COURT: Yes.

24 MS. WHALIN: Thank you, Judge.

14:46 25 THE DEFENDANT: Thank you, Your Honor.

1 THE COURT: That presupposes that she remains on
2 bond.

3 MS. WHALIN: Absolutely.

4 THE DEFENDANT: I am not going nowhere.

14:46 5 THE COURT: Okay. Well, just be sure you check in
6 and just let the pretrial services know about your
7 whereabouts at all times if you're going to be out of the
8 country.

9 MR. LOUIS: And the government will say in not so
14:46 10 much detail, but give some specificity as to --

11 THE COURT: Exactly where and how you can be
12 contacted.

13 THE DEFENDANT: I will give you everything.

14 Thank you all very much. Sorry to make you
14:46 15 come back.

16 MS. WHALIN: Thank you for accommodating us.
